Annual Report

of the

Directors of

CANADIAN COTTONS, LIMITED

Year Ended 31st March, 1942

To the Shareholders:

Your Directors submit herewith the Balance Sheet of the Company as at 31st March, 1942, together with a Statement of Profit and Loss for the year which ended on that date.

Net manufacturing profits, after

providing for income and excess profits taxes and for other customary charges, amount to \$487,748.09, to which is added income from investments of \$155,907.78, making a total net profit of \$643,655.87. This has been appropriated as follows:—

Pension Fund.....	\$50,000.00
6% Dividend on Preferred Stock.....	205,249.50
4% " " Common "	108,620.00
2% Bonus " " "	54,310.00
	418,179.50
Balance transferred to Surplus.....	225,476.37
	\$643,655.87

A by-law was enacted at the Shareholders' Meeting on May 28th, 1941, authorizing your Directors from time to time to purchase preferred stock of the Company at a price not

exceeding \$120.00 per share. During the year 3,209 shares have been purchased in the open market at a premium of \$59,404.00, which premium has been charged to the Surplus

Account as shown. A by-law to reduce the capital accordingly is submitted for your approval.

Your Company's plants have been in full operation during the entire year and new peaks were established in production and in sales. Current demand for the products of the mills for both war and civilian uses is considerably in excess of the mills' ability to produce. The necessity of diverting a larger part of our production to war requirements during the year has resulted in a corresponding reduction in the flow of goods to regular trade channels, and secondary manufacturers who are dependent on these goods as their raw material, must curtail operations accordingly. While everything possible is being done to cope with this situation, serious difficulty is now being experienced in maintaining even a normal volume of production, owing to an acute shortage of labour. As far as is practicable, the policy of employing women to fill positions vacated by men has been adopted. There are, however, many classes of work—some of a highly mechanical nature and much heavy work—in which the employment of males is

essential. The difficulty of effecting normal machinery replacements owing to the necessity of giving priority to the production of war munitions, is also an important factor in maintaining production.

The outstanding event of the year from the viewpoint of a major adjustment to changing conditions, was the introduction of price "ceilings" by the Wartime Prices and Trade Board in order that retail selling prices on cotton fabrics and on garments and many other products made therefrom, as established during the basic period (September 15th to October 11th, 1941) might be maintained. The cotton mills were required by the Board to revert to selling prices that were in effect at February 1st, 1941. In the case of your Company this, in reality, restored prices which were established in November of 1940. In view of the sharp rise which meanwhile had taken place in raw cotton prices (over which Canada has no control), as well as material increases in wages and in the costs of nearly all essential materials, your Company is now selling its products to the trade at lower than current replacement costs.

The necessity, therefore, arises of adjusting the cost of raw cotton to the mills and negotiations are now being carried on with the Commodity Prices Stabilization Corporation Limited with this in view.

It is with deep regret that we record the death on September 23rd, 1941, of our former colleague, Dr. F. E. Meredith, who served as a member of your Board of Directors for seven years. Mr. J. Irving Roy, Comptroller of the Company, has been appointed by your Board to fill

the vacancy created by Dr. Meredith's death.

Employees in every department of our organization have carried on under the trying conditions prevailing throughout the year with cheerful enthusiasm. Your Directors wish to record their keen appreciation of the responsive and efficient efforts of all employees.

The books and accounts of the Company have been duly audited, and the Auditors' report is submitted herewith.

Submitted on behalf of the Board of Directors.

E. C. Fox,
Chairman.

R. G. TOLMIE,
President.
